WITH SPICY CITRUS NOTES

PREMIUM CLASSIC

SODA WATER

WITH LINGERING SPARKLING

AS A MIXER: Combine with aromatic distillates to enhance their aromas or with dry products to emphasize their character.

STAND ALONE: Served with ice and a lemon twist, it releases its freshness. Thirst-quenching and refreshing to drink at any time of the day.

AS A MIXER: Its particular aromatisation enhances botanicals and gives character to less fragrant gins.

STAND ALONE: Excellent served with ice and aromatic herbs such as basil, rosemary, and thyme, it releases the scents of the Mediterranean in a glass.

AS A MIXER: Ideal for creating surprising alcoholic and non-alcoholic cocktails with a strong taste, thanks to its persistent freshness.

STAND ALONE: In line with current trends, the freshness of our ginger beer breaks the ice served on the rocks and accompanied by a sprig of mint.

AS A MIXER: An essential ingredient in the Paloma cocktail, combined with tequila and plenty of ice. Garnish with a slice of lime or fresh grapefruit and Himalayan salt on the rim.

STAND ALONE: Thanks to its fresh, citrusy flavor, it's also excellent as a refreshing soft drink.

AS A MIXER: Ideal for signature cocktails, it expresses its character best when combined with aromatic herbs.

STAND ALONE: Perfect served with ice and a mint or sage leaf.

AS A MIXER: At its best when paired with rum, vodka, and other less aromatic spirits.

STAND ALONE: Excellent with a slice of lime or with cinnamon and star anise to enhance its spicy notes.

AS A MIXER: Ideal for making a difference in the most classic soda cocktails.

STAND ALONE: Thirst quenching when drunk alone, or in a mocktail with a lemon twist.
